of M. HERTZ, lately opened there, containing specimens of antique Art from Assyria, Babylon, Egypt, Greece, Etruria, Rome, &c. The Art Journal says, "the American Government is said to be in treaty for this collection, as a nucleus for a museum of antiquities at New York."

—The Art-Union of London having invited a competition to produce the best statuette for two premiums of £100 and £50, about fifty models have been sent in, which are now exhibiting at the Crystal Palace. The choice of the Council has fallen upon Mr. Armstead's *Satan Punished in his Moment of Supposed Triumph*, for the first prize, and Mr. Lawlor's *Solitude* for the second. The works exhibited, it is stated, are generally of an inferior character.

—The last (August) number of the Art Journal contains a long apologetical article upon the contributions of the United States to the Great Exhibition. It shows the reasons why a greater number of objects were not sent, the departments in which a better show might have been made, and the merits of such articles as are actually exhibited.

—The same journal publishes an instructive paper upon the proper mode of lighting picture and sculpture galleries, and recommends, as models of imitation, the arrangements at Versailles, and the Glyptothek at Munich.

saillies, in addition to the large sky-light, the coved ceiling of the room or gallery is made on framing of great strength, and the whole of the flat or horizontal part is filled with obscured glass, set in metal framing. We remember that this was the plan proposed by the late Robert Carey Long for the new Art-Union Gallery.

—Mr. Roberts, Mr. Haghe, and Mr. Nash have undertaken to make fifty highly-finished drawings of the more striking portions of the Crystal Palace, which are to be lithographed and published. The great abilities of these architectural painters ensure success to the undertaking.

Benjamin West's picture of *Penn's Treaty with the Indians*, was sold last July in London for £441. It was at the sale of the gallery of Mr. Penn, of Stoke Pogeis—a relative, we presume, of the great Quaker.

—The Chancellor of the Exchequer has announced the determination of the British Government to remove the national pictures from Trafalgar square. It seems the Government have two several sites in view.

—The Fine Arts Commissioners in England have authorized Messrs. E. H. Ward and A. L. E. to execute each a series of eight oil pictures, illustrative of scenes in our national history adapted to the respective style of these artists and of the periods which they usually

select. They have also commissioned Messrs. Armitage, Watts, Cave Thomas, and Stanley, to make preparations for a series of frescoes. All these works are intended for the new Palace at Westminster.

—They are engaged at the Gobelins, in Paris, in the reproduction of Raphael's *Farnesina* in tapestry. This has been in course of execution for eighteen months, and they hope to complete it before the close of the year.

AFFAIRS OF THE ASSOCIATION.

DISTRIBUTION OF THE PRINTS OF 1850.

The members of 1850 are informed that prints from the large engraving of *Anne Page*, and copies of the first number of *The Gallery of American Art*, containing the five smaller engravings, are now ready for delivery to all the members for 1850 who have not yet been supplied.

THE AUTUMN EXHIBITION OF THE ART-UNION.

The autumn exhibition of the Art-Union will probably be opened sometime in the course of the present month. Due notice will be given in the newspapers. The galleries will contain a large number of works purchased by the institution, but not yet placed upon its catalogue, and also several works that will be sent by friends of art for the purposes of the Exhibition.

A LIST OF MEMBERS OF THE AMERICAN ART-UNION FOR THE YEAR 1851.

The publication of the remaining names, with such others as may be received, will be continued in the succeeding numbers of the Bulletin.)
